

GenAI Developer / Machine Learning Engineer

PROFESSIONAL SUMMARY

Results-driven Generative AI Developer, Machine Learning Engineer, Ai Automation with 2+ years of experience. And Printing Production Operations with Data analysis with 6+ years Experience. Specialized in LLM integration, prompt engineering, and AI workflow automation, with a strong ability to bridge business operations and advanced AI systems to improve efficiency and decision-making.

CORE SKILLS

- Generative AI (LLMs, Prompt Engineering, Fine-tuning)
- Machine Learning & NLP
- Data Analysis (Excel, SQL, Power BI)
- AI Workflow Automation & API Integration
- GANs & Synthetic Data Generation
- Business Intelligence & Dashboarding
- ERP Systems & Production Planning
- UI/UX Fundamentals
- SEO & Content Strategy
- Video Editing (DaVinci Resolve)

EDUCATION

- B.A. - Indira Gandhi National Open University (2026–2029, Pursuing)
- Higher Secondary (Arts) – WBCHSE (After 12th)
- French Language Learning - Henry Harvin Education (2026 - 2028, Pursuing)

LANGUAGES

- Bengali - Native Proficiency
- English - Professional Proficiency
- Hindi - Professional Proficiency
- Assamese - Basic Proficiency
- French - Elementary Proficiency
- Japanese - Elementary Proficiency

PROFESSIONAL EXPERIENCE

GenAI Developer (Remote)

Intuit | (Jan 2026 – Apr 2026)

- Prompt engineering strategies (few-shot, zero-shot)
- Integrated APIs to enhance AI model functionality
- Built scalable AI-driven workflows for business applications
- Ensured ethical AI implementation and compliance

GenAI Intern (Remote)

Mphasis | (Nov 2025 – Dec 2025)

- Built chatbot workflows using LLMs
- Improved NLP model performance via prompt optimization
- Assisted in AI solution development

Assistant PPC Manager / Research and Development companion

Pioneer Mega Printers | (Jun 2025 – Nov 2025)

- Implemented ERP systems for inventory tracking
- Improved production efficiency and workflow automation
- Conducted operational data analysis

Production Supervisor / Quality Executive

Jay Boxes | (Mar 2024 – May 2025)

- Managed production, quality control, and logistics
- Improved ERP data accuracy and reporting

PPC Assistant / Dispatch Coordinator (Ahmehdabad)

York Print Pvt. Ltd. Unit- IV | (Mar 2023 – Feb 2024)

- Assisted in production planning and control to ensure smooth workflow execution
- Prepared and managed job cards, invoices, and dispatch documentation
- Tracked order status and delivery schedules, improving on-time delivery performance
- Supported Material Requirements Planning (MRP) for production alignment
- Ensured compliance with quality standards and dispatch procedures

PPC Executive / WIP Managemenet (Assam)

York Print Pvt. Ltd. Unit- VI | (Mar 2020 – Feb 2023)

- Managed Work-in-Progress (WIP) to ensure smooth production flow
- Monitored and tracked WIP status across production stages for real-time visibility
- Maintained accurate WIP reports and documentation for operational tracking
- Ensured proper material availability and allocation during production processes
